Puppy Deposit Agreement for **This Litter**

By putting a deposit down, you are agreeing to purchase a puppy from the next litter born 2021....

Required Deposit: \$400.00_

This deposit Guarantees (**Buyer**):

Name: _____

Puppy Picked: _____ Price: \$ _____

A pick of the current litter,

The net litter will be due around end of April Beginning of May 2021. The order of picking is determined by the order in which the deposits are received, this is a non-refundable deposit and full payment is due at 8 weeks for all puppies being paid by PayPal with a 3% pass through fee. Balance in cash will be due at pickup with no extra charge. Puppies cannot leave their mother till approximately 9 weeks, they must have our veterinarian's okay, and the state required health certificate. If more deposits come in then puppies for sale Buyers can roll order deposits to net litter or get a full refund.

If for only unfortunate circumstances on the sellers part, the Buyers choice is not available from this liter and the Buyer is unable to make another pick from this litter or the puppy picked that is in contract is unable to go to new home for any health reasons a full refund will be granted or the deposit can be rolled over to the next litter, The prices of the next litter can change and the Buyer understands this and agrees to pay the new price.

Seller can arrange for ear cropping from the Sellers veterinarian at the Buyers expense if so desired. Cropping must be done before puppy is 10 weeks old. There will be a seller fee for additional care of the puppy until he or she is picked up by the new family passed nine weeks.

All Puppies will have tails docked and dew claws removed, all shots will be up to date for the age of the puppy, and they will be sold with a Florida required veterinarian certified health certificate. Puppy registration paperwork will be mailed to you after the proof the puppy has been spaded or neutered is sent to the seller, this paperwork is for you to register your new puppy if you wish. Breeding rights do not pass with the puppy in order to preserve the purity of the breeding line.

Unfortunately dew claw removal is not 100% guaranteed; sometime this process doesn't take on two or three day old puppy and must be redone if you so choose. The best time for dew claw correction if it doesn't take the first time, is when your veterinarian puts your puppy under anesthesia when he or she is neutered or spaded. This will be the responsibility of the new family.
